Subject: Amended Index for Administrative Record, Arkwood, Inc.

=====

The attached administrative record index reflects the additions and changes as directed by you for the first update to the Arkwood, Inc. site. Eleven additions were made to the site index. They include the RI Report, Phase 1; the six volumes of sampling data located and reflected as such with the RPM; letters regarding the state standards for discharge of treated waters; and, review comments of the Treatability Work Plan.

If you desire, the specific document numbers of the additions to the index can be provided. After your review and approval, please forward this update to ORC for review and approval. Thank you for your continued support during this project.
